BEST CHOICE

Municipal Accounting Software

Phone: (724) 822-3600

Why BEST CHOICE Municipal Software is the BEST!

STATE FUND ACCOUNTING:

- written exclusively for *Local Government*
- State Chart of Accounts* & GASB compliant
- follows proper State and Federal accounting and auditing procedures

NO LIMITS or RESTRICTIONS:

- unlimited number of *Funds*
- unlimited number of *Checkbooks* and Bank Accounts
- unlimited number of *Payroll* employees (automatically run a complete payroll in seconds)

EASY TO USE:

- there are no outdated cumbersome *pull-down menus* to deal with to slow down productivity
- all *applications* have the same format
- all *applications* appear on the *Main Menu*
- one button* accesses any application, fund, checkbook, or file
- work load* will be *considerably decreased* compared to other systems
- Help* and **Training Videos** are provided
- a comprehensive **User Manual** and **Run Sheets** are included

ERROR DETECTION & CORRECTION:

- ability to find and fix errors in real time
- detects and flags over 200 kinds of day to day clerical errors
- catches any mistakes and corrects them on the spot
- no need to make unnecessary ledger adjustments

SECURITY SYSTEM:

- complete system is protected by a high end security monitoring and access protection system
- multiple backups, versions, and locations
- off-site backup to our proprietary secure servers
- daily automatic data files backup
- checks for unauthorized access, intrusion detection, system tampering, and theft prevention
- system monitors, detects, identifies and records all forms of noteworthy or suspicious computer accounting activity
- applications have user password protection with file lockout as well as read-only restriction
- Best Choice Software** is completely independent of Windows files, folders and registry...items attacked by viruses and ransomware!

REMOTE PORTABILITY:

- Best Choice Software** and data files can be installed and run on a removable SSD drive
- the SSD drive can be taken off-site and run on other authorized computers in case of disaster or security measures
- this allows the Accounting System to be still up and running in case of any type of catastrophe
- The SSD drive can also be used for any other Data Files; Word, Excel, Documents, etc.

MUNICIPAL APPLICATIONS:

- Ledger, Payables, Payroll, Receivables, Banking
- Residents Name & Addresses, Map/Parcels, Permits, Property History, Vehicle and Road Maintenance, Appointment Scheduling, Calendars, Amortization, Serial#, Purchasing, Inventory

MUNICIPAL REPORTS:

- all Reports can be viewed on the screen, printed, or exported to a file
- Treasurers Reports, Fund Totals, Year-end Auditors Report, monthly Budget Reports, Lien Letters, Deposit Report, Balance Sheet, Income Statement, Trial Balance, Department & Project Tracking, Check Printing, Bank Reconciliation & Verification, Petty Cash, Invoicing, Receipts, Statements, Payments & Deposit Verification, Payroll, W2s, 1099s, Tax Reports, Entitlement Wages, Delinquency Report, Late Charges & Interest Calculations, Day-Week-Month-Quarter-Annual Reports, Labels, Forms

SERVICE and SUPPORT:

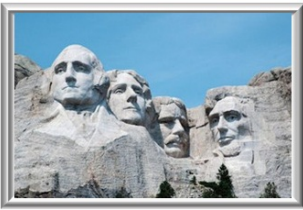

- Remote Access System* for immediate on-line support
- experience in *Local Government, Municipal Accounting, and Computer Technology*

GUARANTEE:

- Software is guaranteed to be free of any type of malfunctions
- there are no "bugs" or "glitches" in the Software

COST:

- unlimited Payroll included, no additional charges
- service and support included
- Tier 1 \$ 1250** Software annual license (payroll included)
- Tier 2 \$ 1500** larger municipality
- \$ 300** License for each additional computer
- \$ 550** Startup Data Files
- \$ 550** Startup Training

What you get (or don't get) with other software

WARNING! Think carefully, study all your options, choose wisely!

MORE COSTLY	<ul style="list-style-type: none"> <input type="checkbox"/> their annual prices are <u>2 to 3 times greater!</u>
LACK of STATE FUND ACCOUNTING	<ul style="list-style-type: none"> <input type="checkbox"/> small business accounting software is used instead of State Municipal Fund Accounting <input type="checkbox"/> there are no provisions for State required fund accounting <input type="checkbox"/> must purchase the more costly "advanced version" to accommodate municipal requirements <input type="checkbox"/> an inefficient "class field" is used in an attempt to handle fund accounting <input type="checkbox"/> there are no provisions for complete fund separation
PAYROLL is EXTRA	<ul style="list-style-type: none"> <input type="checkbox"/> payroll is NOT included <input type="checkbox"/> costs for payroll are high with additional monthly charges for each employee
NO MUNICIPAL APPLICATIONS	<ul style="list-style-type: none"> <input type="checkbox"/> municipal applications outlined with BEST CHOICE Software, are not available <input type="checkbox"/> municipal reports required by the State are not available
ONLINE SOFTWARE AND DATA ACCESS	<ul style="list-style-type: none"> <input type="checkbox"/> software & data files on the "cloud" means you can only access your data thru the internet <input type="checkbox"/> when the internet goes down, you will not have access to all of your data <input type="checkbox"/> any problems with the software or internet will render your system inoperable <input type="checkbox"/> cloud storage is open to the entire world on the internet, thus data can be easily "hacked" <input type="checkbox"/> all your data can be lost if malfunctions with cloud storage occurs
NO LOCAL SUPPORT	<ul style="list-style-type: none"> <input type="checkbox"/> there is no local support, support only comes from other users <input type="checkbox"/> support is cumbersome and time consuming <input type="checkbox"/> it may take hours or days to get results for simple tasks
MORE ERRORS	<ul style="list-style-type: none"> <input type="checkbox"/> there are no provisions for error detection and correction <input type="checkbox"/> there are no checks and balances for data integrity
NO SECURITY	<ul style="list-style-type: none"> <input type="checkbox"/> there is no type of system security, monitoring, or intrusion detection <input type="checkbox"/> there are no provisions against ransomware attacks, virus infection, or data breach <input type="checkbox"/> there is no protection against fraud, embezzlement, theft or books tampering
NO BACKUP	<ul style="list-style-type: none"> <input type="checkbox"/> there are no provisions for data backup, off-site backup, or system recovery
INCREASED WORK LOAD	<ul style="list-style-type: none"> <input type="checkbox"/> bench mark test results revealed the time it takes to do similar tasks was more than doubled <input type="checkbox"/> menus, file access, application use, and overall software is cumbersome
PROBLEMS and COMPLAINTS	<ul style="list-style-type: none"> <input type="checkbox"/> user testimony complaints of software bugs, lockups, random data loss or missing, data errors, poor technical support, slow performance, hidden costs, lack of municipal features
